

Demand Fire Protection For Town Hall Pupils

Aurora—"My pledge to you is no known injustice of any kind to man, woman, or child, rich or poor," said Mayor Dr. Crawford Rose in his inaugural address on Monday morning. Coming to Aurora five and a half years ago from Western Canada, he said he had been impressed with the many capable persons in the community ready and able to give leadership. "I realize I have the greatest responsibility on my shoulders I have ever had to carry, and I accept it. I will attempt to give earnest consideration and careful consideration to all problems," Mayor Rose warned council that he expected immediate action to provide adequate fire protection for the 73 children attending school in the old town hall. "I won't stand for it. The excuse has been given in the past that no one could be obtained to do the job. We have the specifications. I know materials are available and I have had five men who said they were carpenters looking for work. This is the first job of the property committee. The present situation is an injustice to the parents."

Rev. R. K. Perdue pronounced the opening benediction at the opening ceremony, with Rev. R. F. Hicks, Rev. A. R. Park, Capt. F. W. Stevens, former Mayor P. M. Thompson, Frank Underhill and Ross Linton, along with Dr. C. J. Deans, public school board, and Dr. J. L. Urquhart, high school board, taking part in the proceedings.

Retiring Mayor Ross Linton said that the method of electing municipal councils, plus gradual changes in personnel, prevented councils from "going haywire". Elections were the real barometers of public opinion, he said. He emphasized the need for members to work in harmony. "No one member can put something across." He congratulated the members elected and felt the town was "in excellent hands for 1948."

Deputy-Reeve Harry Corner said "co-operation" was his keynote. He thought the east side of Yonge St. could stand changes, especially in regard to sidewalks. "I understand Aurora pays for the upkeep and care of a mile of Highway No. 11 within the town, with the province looking after each end. It looks to me as if we are paying for something somebody else should pay for," he said, promising investigation. Most streets were graded too high and there was waste in the oil used, he charged. McMahon park should be beautified and extended at the west end. He favored the pay-as-you-go policy. "I would rather see the mill rate go up four or five mills in a year than burden the future years," he declared.

No town in Ontario had a better moral record, friendlier people, or more beauty, said Rev. Dr. he would be severing connections with Aurora this year.

House Entered, Empty Purse Another Attempt Foiled

Aurora—Chief Constable Fisher Dunham and Aurora police are investigating a break-in at the home of Mr. and Mrs. Edward Smith on Saturday evening. Mr. and Mrs. Smith were out playing cards and returned to find drawers in a room ransacked and a purse containing \$15 rifled. The thieves left the premises by calmly unlocking the front door from within and had gained entry by breaking a rear window.

Earlier in the week police investigated an attempted entry at

the home of Mrs. Charles Dunham, also on Wellington St. Mrs. Dunham had retired for the night on the ground floor and was awakened by a window being broken. Alarmed by noise from within the building, the thieves fled hurriedly leaving no trace when police arrived.

Householders are urged to keep a careful watch on their premises and notify police immediately of any attempted break-ins. The police are working quickly and developments are expected.

Orillia, Gravenhurst Put Hoffman In Cellar

By GEORGE HASKETT, JR.
There are no smiles in the Hoffman camp for the Hoffman sextet dropped their fourth game at Orillia Monday night. The machinery crew went under 8-5 before the onslaught of the speedy Orillia "Narvos." The loss shoved the Hoffman squad into the basement. The riot act must be read before tonight's game, when they have another go at Orillia. Another loss would be disastrous. A win would put the pressmen back within shooting distance of their nearest rival, and give them a chance of getting out of the cellar.

It wasn't until the six-minute mark of the second that the Newmarket fans had a chance to exercise their lungs as Jackie Gibbon drifted one into the Orillia cage. The Narvos had a four-goal margin at the time. Orillia added three more before Cliff Gunn got cracking for our second, "Pink" Tunstead and Alf Childs being the helpers on this one. Then Joe Peat came through with a nice goal at 17:35 with Jackie Gibbon and Stan Gibbons supplying the necessary pass.

Hoffman's led a belated drive in the final chapter. They outscored the paintmen 2-1, but it was not enough. Johnny Crewson came up with the first. It kept his goal-a-game record intact. Myles McNis relayed the puck to Crewson after "Whitey" Bone shoved it up from his own blue line. Harvey Gibney wound up the scoring with the prettiest goal of the night. Again it was Brother Bone who was the assister.

Hoffman's "were at home" Thursday evening. They unveiled the 1948 Intermediate hockey season as they entertained the Gravenhurst "Indians". It must be told but the Indians went home with the points, as they eked out a 2-1 win. It was a keenly fought game, the issue in doubt until the final bell.

As in the previous games, one at Collingwood, which the locals dropped 7-3, and the other at

Penatung "our squad" faltered in front of the nets. The red, white and blue Hoffman sextet should have grabbed the lead in the initial period when they held a good margin in the play over the invaders. They couldn't or rather didn't capitalize on their margin so it was the invaders who skeddaddled out of town with the win.

Gravenhurst moved into the lead after 11 minutes of first-period action. Freddie Petersa, fleet winger of the visitors beat Frankie Carr from close in after taking a pass from his centre ice buddy, Jones.

Johnny Crewson, who has been getting more than his share of goals, came through with the equalizer at the 15-minute mark of the second. Myles McNis slipped the puck out from the corner for his part in the counter. When Petersa was left in the clear, Gravenhurst got in the blow that put the game away. It came after four minutes of third-period action. This time Brazier supplied the pass. Hoffman's had their chances to get the equalizer, Bill Johnston, particularly, getting two breakaways but he couldn't get his shot away in time to put the locals back in the hunt.

Lived Early Life Here J. A. McDonald Dies

John A. McDonald, formerly of Newmarket, died in Los Angeles recently. He is survived by a daughter, Mrs. Jean Pearce, and her small son, Donnie. He was the son of Mr. and Mrs. Thos. McDonald, who were well known in Newmarket, and he was educated in public and high schools in Newmarket.

The McDonald family left Newmarket for Moose Jaw, Sask. Later Mr. McDonald and his wife, the former Pearl Brandy, moved to Los Angeles where he was engaged in research. He was preceded by his wife. Also surviving him is a cousin, Helen McDonald, Aurora.

Hart Walkout Ends As Wage Issue Settled

Aurora—The town's first walk-out was ended on Friday after a conference between the management of the Hart Manufacturing Company, Ontario department of labor officials, employees and representatives of the United Electrical Workers (CIO-CCL) union. Wage increases from nine to 15 cents an hour were agreed upon and the workers returned to the plant on Monday. The starting scale for female help was boosted from 44 cents to 51 cents an hour, which brings this wage into line with wages for unskilled female workers at other Aurora factories.

Aurora Juveniles Best Keswick 11-8

Aurora—Aurora juveniles hit paydirt on Friday as they bested Keswick 11-8 in a fast game at Sutton. "Tuffy" Nesbitt was a regular ball of fire for the locals as he potted five counters in the Keswick net. Gerry Simmons went for three, Johnny King two, and Walt Tunney snared the other Aurora goal. Ray Rogers made his first appearance in the Aurora nets and turned in a sparkling performance. Tunney, Simmons, King, Dale and Nesbitt were the big guns for Aurora.

Aurora goal, Ray Rogers; def., Walt Tunney, Ralph Rank, Jim Stocks; forwards, Jim Cook, Gerry Simmons, John King, "Red" Boyle, "Tuffy" Nesbitt, Bob Warlow, Carl Timbers, Bill Dale, "Nip" Farquharson.

Thomas W. Hayes Killed On Highway

Newmarket—Walking toward Newmarket with the intention of visiting his sick son, Orley Hayes, Thomas W. Hayes, Keswick, was killed instantly on the third concession, East Gwillimbury, on Sunday when he collided with a car driven by Hugh Sinclair. He was 88 years old. Mr. Sinclair, a Keswick general store merchant, was returning to Keswick with his wife and family after attending Mass at Newmarket. Coroner Dr. L. W. Dales has ordered an inquest. East Gwillimbury police are anxious to locate the driver of a maroon sedan who may have witnessed the accident.

Study Possibility Of Technical School

Newmarket—A technical school may be built in Newmarket as the result of action by the Newmarket high school board on Monday night and by the Newmarket town council on Tuesday night.

The high school board, in a meeting attended by Mayor Joseph Vale, passed a motion favoring the erection of a technical school entirely separate from the present high school, and a committee was set up to investigate the possibilities.

The town council set up a committee consisting of Mayor Vale, Reeve Arthur Evans and Deputy-Reeve J. L. Spillette to work in co-operation with the board's committee. The council's committee will report to council on discussions and any other steps taken.

Mayor Vale said that if a technical school were built the high school would not need a new wing, even if a high school area were created. He pointed out that grants covering a portion of the expenses to district students attending technical schools in Toronto were discontinued at the start of the year.

Newmarket—Following a successful meeting to organize for a bugle band in Newmarket, a second meeting has been set for Friday night at 7:30 p.m. over the firehall.

Plows, Loaders, Trucks Mobilized In Snow War

Newmarket—This municipality can boast of one of the speediest snow removal jobs in the district as teams of plows, loaders and trucks are mobilized after each storm under the direction of Frank Bowser, chairman of the roads and bridges committee of the town council, and engineer Denne Bosworth.

Since New Year's, a loader and trucks have been kept busy removing the snow that was piled high along the sides of Main St. and a plow has kept the side streets clear. After the snow fall of last Thursday night, a plow driven by Clare Penrose went to work on the west side

of Main St. and Hugh Douglas plowed the east side. Vic Johnson loaded snow on Main St. on trucks of Stew. Martin, Jack Grainger, Cliff Gunn, and the town truck. Later on Friday morning, the front-end loader of Byron Cunningham, Queensville, came down to lend a hand.

Councillor Frank Bowser presented the up-to-the-minute report of Town Engineer Denne Bosworth on snow removal and its costs at the council meeting on Tuesday night. The figures contained a summary of the costs for the last few days in 1947, the first 12 days of 1948, and showed a total expenditure up to Jan. 12 of \$898.87.

Denies Corps Charges Canteen Fund Mismanaged

Denials of the mismanagement charge against the Canteen Fund in a brief drawn up at a recent conference of the Canadian Corps Association were contained in a release issued by Edward S. Evans, provincial president of the Ontario Command of the Canadian Legion. The Corps had charged that the cost of administering Ontario's portion of the Canteen Fund by five trustees, all members of the Canadian Legion, had risen from \$16 for \$100 spent in 1927-31, to a total of \$81 for every \$100 spent in 1942-46, that the fund had dwindled from \$1,797,085 to \$742,030, and that the families of only 331 veterans had benefitted from provisions that the money was to be used in part to provide educational assistance.

The corps asked for an injunction against further payments of funds by the board of trustees until its management had been thoroughly investigated, and that the constitution be changed. The constitution says the trustees should be in office for three years. The corps charged that the same trustees have held office since the inception of the fund in 1925.

Figures released by Major-General V. Williams, chairman

of the fund, revealed that \$1,055,054.84 has been disbursed in the past 22 years, of which nearly \$750,000 went directly to veterans or their dependents. During the depression years the trustees drew on the fund's capital (the fund was not to be self-perpetuating) to the extent of more than \$50,000 a year to meet the demands of veterans and their families. During the second war, when employment was plentiful, applications for aid decreased and the fund grew by nearly \$60,000 as interest accumulated. On March 1, 1947, the assets of the fund amounted to \$742,030.26.

The statement said that \$140,000 had been paid from the fund to assist in financing the Legion's Ontario service bureau, which have done the bulk of the work in checking on applications for assistance, bringing cases to the attention of the fund trustees, and assisting ex-servicemen in various ways. It points out, however, that if the trustees of the fund had attempted to duplicate these services by setting up machinery of their own, the cost would have been multiplied several times, and the contacts which the Legion maintains would be worthless.

Gapco Rises From Depths Takes First Win Tuesday

By GEO. HASKETT, JR.
When the slaps on the back were being handed out Tuesday in the "Gapco" dressing room, they went to a lad called Kenzie and to a guy named Frankie. They came through with goals that gave Newmarket their first victory of the season. The back slaps were well deserved. Kenzie Broughton, the fleet left winger of the "Gapco" crew, fired in four goals. He was really cooking with gas. Next to earn the slaps was Frankie Joy, Frankie, who makes with the book learning at Pickering College, was the assister on each of the tallies recorded by Broughton.

Shining in a lesser light was right winger "Motts" Thoms. Thoms picked up a goal and an assist. Jack Smith, who was looking after the blue-line traffic, took the bow for an assist on Thoms' goal. Mike McCaffrey got into the scoring spirit with the Gapco final tally. It was a nifty effort. Can't forget to mention "B.A." Walker who, while not prominent on the score sheet, did some great blocking. Chris Lotto teamed up with Walker to get in his licks, too. "Blondy" Davis was in there plugging all night. Once he stepped into Wright of the visitors who promptly took an unscheduled flight skywards.

It was not the best hockey by any means, getting quite scrappy at times, especially in the early stages, but the last period had its moments as the Gapco passes began to click.

It was 1-0 for Unionville at the close of the first stanza. It was 2-2 after two periods. Then Newmarket took the offensive to seal the verdict with a 3-4 win.

It was the first time Gapco boys had tasted a victory in four tries. The victory was all the sweeter as it moved them out of the league cellar, meanwhile sending Unionville tumbling down in their place.

Friday Bob McGuire, Harry Goodman, Johnny Campbell, Merv Broughton and company head for Unionville. Then hold your hats, folks. Tuesday those nasty Flyers come to town.

For 40 minutes Friday evening, Newmarket "Gapcos" were in the hunt for their first victory as they matched skating strides with the Victoria Square "Red Wings". The score at this juncture read 5-4 with the Square holding the goal advantage. Then, someone pulled the plug and like the things out of Fibber McGee's cupboard, the goals came rolling off the sticks of the Red Wings. Five times they put the red light into play. The Gapco boys got in for a singleton. The final score was 10-5.

For the most part, it was a rugged game. It was a 2-2 draw after the first 20 minutes. As mentioned above, the Red Wings held on to a goal margin after the bell closed the second, then the Gapcos ran out of steam.

The final period provided most in the way of excitement. All come about when "Motts" Thoms and "Rabbit" Mabbitt got into a swinging duel. Almost everybody was in it before you could say Jack Robinson. It ended up with "Motts" Thoms, Mike McCaffrey, Bill Mabbitt and Don Campbell taking five-minute rests.

Ivan "Lefty" Gibson featured the Gapco scoring attack with a pair. Frankie Joy and Bob Walker came out of the scramble with a goal and an assist. Jack "Blondy" Davis' share of the scoring loot was a single marker, the Gapco's final tally.

MacMillan was the Square's hero. Mabbitt shone and Mac Clement and Don Campbell stood out at the blue line.

Says Arena Needs Immediate Repair

Newmarket—Parts of the floor of the Newmarket Memorial arena were described as being in a dangerous condition by Councillor Tom Birrell, chairman of the property committee, at a meeting of the Newmarket town council on Tuesday night. Specifically he mentioned the hall and the floors of the players' dressing rooms as needing repair, with the hall in "dangerous condition". He said five or six boards around the rink were also splintered.

Councillor Bowser said it is a bad time of year to repair the rink because it is in constant use. The matter was referred back to Mr. Birrell, with authority to spend the money necessary to repair the hall immediately.

Milk Shippers Find Increase Has Shrunk

Newmarket—Promised a 55-cent increase per cwt. when the milk prices went up before Christmas, angry shippers are finding that their milk cheques for December work out to an average increase of 43 cents instead. According to spokesmen at a meeting of Toronto and Newmarket shippers Tuesday night, as a general rule, shippers were being paid the 55 cents increase on 99 percent of their milk and the process milk price on the remaining 10 percent.

One instance reported by a Newmarket shipper was the full price on 85 percent of his milk, the lesser price on the remaining 14 percent.

The shippers were told by W. H. Wilmot, Sharon, secretary of

the Toronto Milk Producers, that for the present, the milk control board was without authority to set and enforce prices because of a recent amendment to the Milk Control Act setting up "collective bargaining" between shippers and their markets in its place. "The board will have back its authority through a legal technicality and the 'collective bargaining' amendment had been passed since."

"We're right back where we were before the war," one angry shipper declared.

Mr. Wilmot said that the difference in price was determined by sales of the dairies and that there was nothing at present the shippers could do about it.

R. D. Brown Tow's Choice For High School Board

Newmarket—R. D. Brown was appointed to the Newmarket high school board as council nominee to replace George D. Bender, at the town council meeting on Tuesday night. Mr. Bender resigned from the board at the end of 1947 after being appointed at the beginning of 1946 for a term of three years. Mr. Brown has been on the high school board for the past three years as the appointee of the public school board. This year the public school board appointed Mrs. Caroline Edwards.

In December the town council passed a by-law re-appointing A. N. Belugin to the high school board as the council's representative, but when it was discovered that Mr. Belugin's previous appointment to the board had not yet expired, a by-law was

passed on Tuesday amending the December by-law by deleting Mr. Belugin's name and inserting the name of W. J. Geer, who was the actual retiring member.

Other appointments made on Tuesday night were: pound-keeper, G. W. Curtis; fence-viewers (St. Andrew's ward), Robert Howlett; (St. George's ward), Harry Helmer; (St. Patrick's ward), G. W. Curtis; first, second and third fire engineers of the fire brigade, Joseph Brammer, James Coltham, and John Gibson; board of health, R. C. Morrison, Dr. J. G. Cock, and Mrs. G. L. Boynton; hospital board, Frank Bowser; public library board, Dr. C. E. Vanderloort and Reeve Arthur D. Evans (appointed in the place of the mayor); recreation commission, Councillors Budd and Birrell.

Give Furniture For Auction Proceeds For U.K. Aid

Newmarket—Furniture, the town hall, and auctioneering services have been offered free of charge to increase the total of the Newmarket Relief for Britain fund and as a result an auction sale of used furniture and other articles which it would be impractical to send to Britain will be held in the town hall on Wednesday night at 7:30 p.m.

It all started when a generous citizen with a store room full of furniture decided he wanted the room for other purposes. Realizing that the drive for funds to aid Britain was nearing a close, and that the only practical way in which the furniture could aid the British people was through its sale here he contacted auctioneer Fred Smith, who volunteered to auction the furniture without charge along with

any other articles that anyone might care to contribute.

The citizen contacted municipal officers, who volunteered the use of the town hall, and arrangements were complete. Articles donated to be auctioned included a dresser, two sideboards, two three-quarter beds with springs (no mattress), two single beds (one with mattress), rocking chairs, armchairs (one is adjustable), piano stool, three centre tables, gramophone, several bed springs (some full, some three-quarter), an oval wood stove, two oil stoves, two bedspreads, pictures and other articles. Anyone wishing to donate furniture or anything else usable is asked to take it to the town hall. Donations for the fund itself will be received at either bank up until January 24.

Midgets Tie Two, Still Lead League

Dr. VanderVoort, Gord Ough and Coach Larry Molyneux still have our midget entry on the unbeaten trail. They came close, mightily close indeed, to slipping off that trail on Friday and Monday. In fact the Legion midgets had to be content with a split in the points. Friday at Bradford they battled through 60 minutes of hockey to a 4-4 stalemate with the Celery Kings. Monday, at the local ice diggings, it was another tie, 5-5, this time with Bolton.

On Friday, Aubrey "Popper" Martin was the jolly young lad leading the scoring parade. He chipped in with a pair of scoring thrusts. Murray McDonald and Doug Bunn came through with the other tallies.

Monday, as aforesaid, another draw was the best our laddies could settle for. Once again, "Popper" Martin, pride and joy of the Connaught Gardens rooters, was the leading light on the score sheet. This time Martin slammed home three markers for his part. Five goals in two games—not bad going. Ron Coveney and Doug Bunn, who patrol the wings on Coach Molyneux's front line, were responsible for the other two counters.

The Legion laddies are still atop the league. Thursday, tonight, they are off to Keswick and Monday night will be "at home" to the Bradford "Celery Kings." These are our future hockey stars; let's give them a boost by taking in this game.

UNION STREET

The Union Street Women's Institute met at the home of Mrs. Frank Graham on Thursday with the president, Mrs. Lillian Johnston, in charge. An invitation to visit Queensville Institute on January 28 at the home of Mrs. R. Strasser was accepted. The secretary, Miss Violet Micks, was instructed to forward the annual donation of \$10 to the ladies' rest room at Newmarket. The program arranged by Mrs. Archie Sedore opened with a hearty sing-song, followed by an interesting paper on well known Canadian writers by Mrs. Roy Cowieson. Some of the writers mentioned were L. M. Montgomery, Ralph Connor, Robert W. Service, Marshall Saunders and Stephen Leacock. Miss Violet Micks gave a humorous reading, in the Good Old Days. An article entitled These Boys Will Be Men, pertaining to the Boy Scout movement, was read by Mrs. Archie Sedore. A contest, jumbled names of British sovereigns, was conducted by Mrs. Oliver Diceman with the winners being Mrs. Douglas Beckett and Mrs. Ethel McClure. Mrs. Willard Cryderman read an interesting article, Contrasts in Contrasts, from a current magazine. The hostesses, Mrs. Walter Rose, Mrs. B. Deavitt and Mrs. F. Graham, served with tarts and cake. Carol Sedore, daughter of Mr. and Mrs. Archie Sedore, broke her leg while riding to school Friday morning on a neighbor's tractor.

Several from this community attended the Toronto and North York Hunt club social evening held in Aurora high school on Friday evening and report an excellent time.

Miss Beth Rae, Toronto, spent the weekend with Mr. and Mrs. Irvine Rose and family.

POTTAGEVILLE

There was a good attendance at the United church on Sunday morning when Rev. C. F. Cragg preached an inspiring sermon from Revelations. These sermons are too valuable to be missed and anyone not attending any other church is cordially invited to be present at both the church services and Sunday-school which follows after the morning service.

Mr. Ray Marshall, after attending a special meeting of the Toronto Presbytery, spoke Sunday morning at the United church regarding what has been accomplished in this circuit. Special mention was made of Pottageville. Mr. Rideout, chairman of the Presbytery, was so impressed by the work done here that he is going to have the facts and figures made into pamphlet form and distributed through the rural areas of the United churches as an inspiration to others. We are glad to be given this honor and we are sure a lot of good will come of it.

Mrs. Tom Blackburn and Mr. Pres. Borden visited Mrs. Blackburn's daughter, Mrs. A. Ellerby of Weston, on Sunday. We are sorry to hear Mrs. Ellerby was injured in a car accident on Wednesday, Jan. 7, and all hope for a speedy recovery.

About 20 school pupils paid a surprise visit to Barbara West on Friday afternoon when a wonderful box of fruit and candy was given Barbara by the teacher and her schoolmates.

The meeting of the W.A. will be held at the home of Mrs. George West on Thursday morning. There will be a quorum and the devotional period in the afternoon.

Mr. and Mrs. George Burt-Gerrans, Toronto, spent the weekend at their home.

Hold Baking Sale To Pay For Stove

The Mount Albert library board has purchased a new stove, and, being short of funds, they held a baking sale on Saturday at Jim Rennie's drug store. It was a decided success. The proceeds were \$44.33, and the ladies are grateful to all who sent donations of baking and money. They will have an annual meeting on Monday, Jan. 19, in the library room, and they ask all who are interested to come and hear all particulars in regard to managing a public library. Maybe you could give some good suggestions as to what you would like in books, magazines, etc. There is always a chest from the travelling library on hand.

The W.M.S. of the United church held its January meeting at the home of Mrs. E. Haigh on Monday evening. The yearly report was encouraging, as the ladies had reached their objective of \$275. They also sent in a large bale of new and used clothing, and they made 12 suits of pyjamas for the Canadian Aid to China. The Study Book, the Bible for Missions, was taken by Mrs. Burr and Mrs. Carruthers. At the close of the meeting Mrs. Haigh served a dainty lunch.

The Women's Institute met on Thursday afternoon at the home of Mrs. W. R. Steeper. Thirty members were present. The president, Mrs. K. Mitchell, presided. A short business meeting was held and arrangements were made whereby each member was to be responsible for making one dollar to provide funds to secure material for layettes to be given to York County Children's Aid.

A request for a donation for the Sick Children's hospital was laid over for the time being. Arrangements were made for the social meeting in March. Letters of thanks were read from many who received Christmas parcels, cards, etc.

After this the ladies were taken over to York County hospital where they were received by the superintendent, Miss Pearson, who kindly showed them through the new wing where the Institute had furnished a room. This was their first visit to see it. Miss Pearson explained to the ladies the very difficult task of managing a hospital of today, with the high cost of living, wages, and all the many other expenses they have. We just marvel at the way they carry on. She also told of a few of the many labor-saving devices they would like to have, and perhaps, in the near future, the ladies may see what can be done. The ladies wish to thank Miss Pearson for the nice afternoon. They all enjoyed the visit.

"TWO FACED"

During the absence of the editor and publisher of a small daily paper, his son took over. Remember that each morning his father always dropped in on the local judge and inquired how many had been brought into court, he followed the same routine.

"Well," how many faced the judge today?" he jovially asked.

"Two," came the answer.

That night the judge was indignant to read in the paper "Two Faced Judge."

Answering Your Questions ABOUT**IMPORT CONTROL**

MOST of the countries which are Canada's regular customers have not recovered sufficiently from the war to pay, in the normal way, for all the goods they need, despite extensive help from this and other countries. Nor are they able to send us enough of their goods to balance accounts—or to pay us in the kind of money which we, in Canada, can use to buy goods in other countries.

At the same time, Canada has been buying more goods than ever before from the United States and other countries demanding U.S. dollars. This is because these goods were not obtainable elsewhere and because of demand pent-up during the war.

Buying from the United States or U.S. dollar areas must, therefore, be temporarily reduced until our trading again becomes normal.

To meet this emergency, purchase of goods and services or expenditures for travel, which must be paid for with U.S. dollars, are now subject to control.

IF YOU ARE AN IMPORTER OF CONSUMER GOODS and wish to find out what goods are (1) prohibited, (2) subject to quota, or (3) unaffected by control, see or write your nearest Collector of Customs and Excise.

IF YOU WISH TO IMPORT GOODS SUBJECT TO QUOTA and wish to establish your quota authorization to import, or need special information, consult your nearest Collector of Customs and Excise. Quota application forms (E.C. 1) and instructions for completing them, are available at all Customs Offices. These applications must be filed with the Collector of Customs and Excise.

IF YOU WISH INFORMATION ON THE AMOUNT OF YOUR QUOTA. After your application has been filed with your Collector of Customs and Excise, all correspondence about the establishment of quotas or cases of exceptional hardship through import prohibitions should be directed to Emergency Import Control Division, Department of Finance, 490 Sussex Street, Ottawa. Quotas are issued on a quarterly basis and any unused portion may be carried over into the following quarter.

IF YOU ARE AN IMPORTER OF PRODUCTION PARTS, STRUCTURAL STEEL, stone, machinery or other capital goods or automobiles, and wish to know the import restrictions in these classifications, write or see Emergency Import Control Division (Capital Goods), Department of Reconstruction and Supply, 385 Wellington Street, Ottawa.

IF YOU INTEND TO TRAVEL OUTSIDE CANADA and wish to know about foreign exchange available for this purpose, consult any bank or the Foreign Exchange Control Board at Ottawa, Montreal, Toronto, Windsor, Vancouver. If you wish information about purchase of goods made during travel outside Canada, consult the nearest Collector of Customs and Excise before departure.

IF YOU ARE A MANUFACTURER, WHOLESALE OR RETAILER and wish information about excise taxes, or about the list of goods to which they apply, consult the nearest Collector of Customs and Excise.

IF YOU NEED OTHER SOURCES OF IMPORTS consult the Foreign Trade Service, Department of Trade and Commerce (Import Division), Ottawa, regarding your supply problems arising from import quota restrictions. Through the Trade Commissioner Service, the Import Division is endeavouring to arrange increased supplies from the United Kingdom and other "non-scheduled" countries.

IF YOU ARE A HOUSEWIFE and wish information on available alternate foods which have comparable nutritional values to those now prohibited or subject to quota, informational material which has been prepared by the Nutrition Division of the Department of National Health and Welfare may be secured from your Provincial Health Department or local health unit.

The administration of these emergency import controls is the responsibility of various departments of the Government. The above information is given to aid Canadian citizens in complying with the new import control regulations with a minimum of inconvenience in their business and personal affairs.

MAGISTRATE'S COURT

Youth Pleads Guilty Of Cutting Blue Spruce

Newmarket—Unlawfully damaging a blue spruce tree, the property of the Newmarket Lawn Bowling Club, was the charge laid against Fred Fogal, 17, 6 D'Arcy St., Newmarket. In court on Friday, Magistrate Hollinrake said that he would not treat the offence lightly and intended to impose a heavy penalty. The accused who pleaded guilty was remanded in custody for judgment until January 15.

H. J. Luck, representing the Lawn Bowling Club, testified that the blue spruce was 15' to 16' high and was cut off at the top, leaving a seven to eight foot stub. He said there was also a 12' Colorado spruce cut and he valued the two trees at \$150 to \$200.

Fogal, who sold the tree, said that he hadn't been working and needed some money. Luck said that he had contacted 20 members of the club before the charge was laid. He said he didn't think that it was malicious damage but that the club had had trees cut before and buildings broken into and that he thought the charge was justified. A bench warrant was issued for Frank Fogal, who did not appear. A similar charge had been laid against him.

The hearing of a charge against Ernest M. Fairley of selling lottery tickets, contrary to the criminal code, on Gold Bond and Name My Favorite Sportsman was adjourned to January 23.

John L. Singleton, who appeared on a charge of obtaining an automobile by fraud from S. H. Borovoy, Newmarket, by means of a worthless cheque, was remanded on bail until January 16. A \$20 fine was imposed on B. G. Jackson, King and Vaughan twps., for hunting deer illegally in King twp. The hunter, who had been in a party of men hunting in Simcoe county, had crossed the township line and gone into King twp.

Game Warden Norman Sitwell

said that on December 6 he had followed tracks of the accused across the township line, through marsh and bog and came upon the accused who carried a 30 calibre rifle and six cartridges. He said the accused was in possession of a deer license for Simcoe county.

A charge against the Sheridan Equipment Co., Toronto, that a trailer owned by them that was involved in an accident on No. 11 highway, King twp., was over the allowed maximum width of 96", was dismissed. Counsel for the Sheridan Co. said that the trailer had been borrowed in Midland by the Leaside Welding Co. who loaded their shovel on it. The trailer, pulled by a tractor truck owned by the Leaside Welding Company, was on the trip to Toronto when the accident occurred. The charge was dismissed on the grounds that the crown had not established a case.

Garfield Firth, Newmarket, was fined \$25 and costs on each of two charges of failing to make returns on income tax in 1943 and 1944. The returns had been subsequently filed according to special prosecutor Jos. Vale. William Graham, East Gwillimbury, was fined \$10 for possessing eight muskrat pelts in East Gwillimbury where trapping was out of season.

Some lines on balancing the budget:

Here's to the memory
Of the Canadian dollar,
It died from lack
Of purchasing power.

Either Way You Lose

Price ceilings, or some other form of government control on prices and profits, may have been re-imposed by the time this appears. Alternatively, the causes of unjustified price increases may have been removed voluntarily. Whatever the agent, federal or volunteer, it will be too late. The damage has been done. It will be many years before the public will again accept the glib assurance of business that it can regulate itself.

Canadian business had an unequalled opportunity to prove its claims of responsibility, claims made with increasing insistence up to the time the bulk of controls were removed. On its own again, it might have answered the cry of the socialist that business is interested only in its own profits and the devil take the public by exerting self restraint and cracking down on those among the community who hadn't seen the light. In many instances, business did just that but the accomplishments of those forward-looking executives have been wiped out by hog-wild food prices of recent weeks.

There was more involved than the protection of the consumer's budget, a fact that certain free-wheeling entrepreneurs have overlooked. The depression years have left a residue, in direct proportion to individual suffering, of suspicion, about business. That suspicion might have been laid to rest by an orderly return to "business as usual". Instead, it has been strengthened, adding thousands of converts to the theory that government control is essential if there is to be any guarantee of individual security.

At the week's end, with the air filled with reports of federal investigators marching on Toronto, one packing house executive declared that he welcomed an investigation, that his firm had nothing to hide. The executive might have been quite sincere but it means nothing to the farmer who receives a ten to 15 percent increase for his meat but sees it selling at a vastly increased percentage, or to the consumer who buys it.

Public statements, the federal investigations, the charts and graphs, the learned talk of markets seeking their natural levels are not going to convince the public that the rat they smell in the food business doesn't exist. The consumer's dollar has suffered a body blow and rightly or wrongly, business is going to take the rap of an increasing loss of confidence and vulnerability to federal control. It won't matter if it is controls or a voluntary effort that cuts prices. Either way, it is an admission of guilt as far as the public is concerned. Business will suffer and it's business' own fault.

Larger Domestic Market

Canada's import restrictions are only a temporary barrier against the flow of Canadian dollars to the United States. But in what direction lies that "lasting solution" Finance Minister Abbott said he was seeking? The most frequent answer is a heavier export trade to North American countries where the dollar supply is more reliable.

The difficulties of breaking away from multilateral trade by which Canada raised its export volume to its present peak are serious. Much of Canada's manufacturing industry was developed under Empire preference and would be a liability in competing with the United States or in United States markets because of a similarity of products.

Yet even if Canada were to maintain its heavy export volume by new markets to the south, it would be no solution to Canada's major difficulty of heavy export trade and a comparatively light domestic market. A more thorough cultivation of domestic markets, aided by present import restrictions, is helping. More important, however, is the continuing need to enlarge our population.

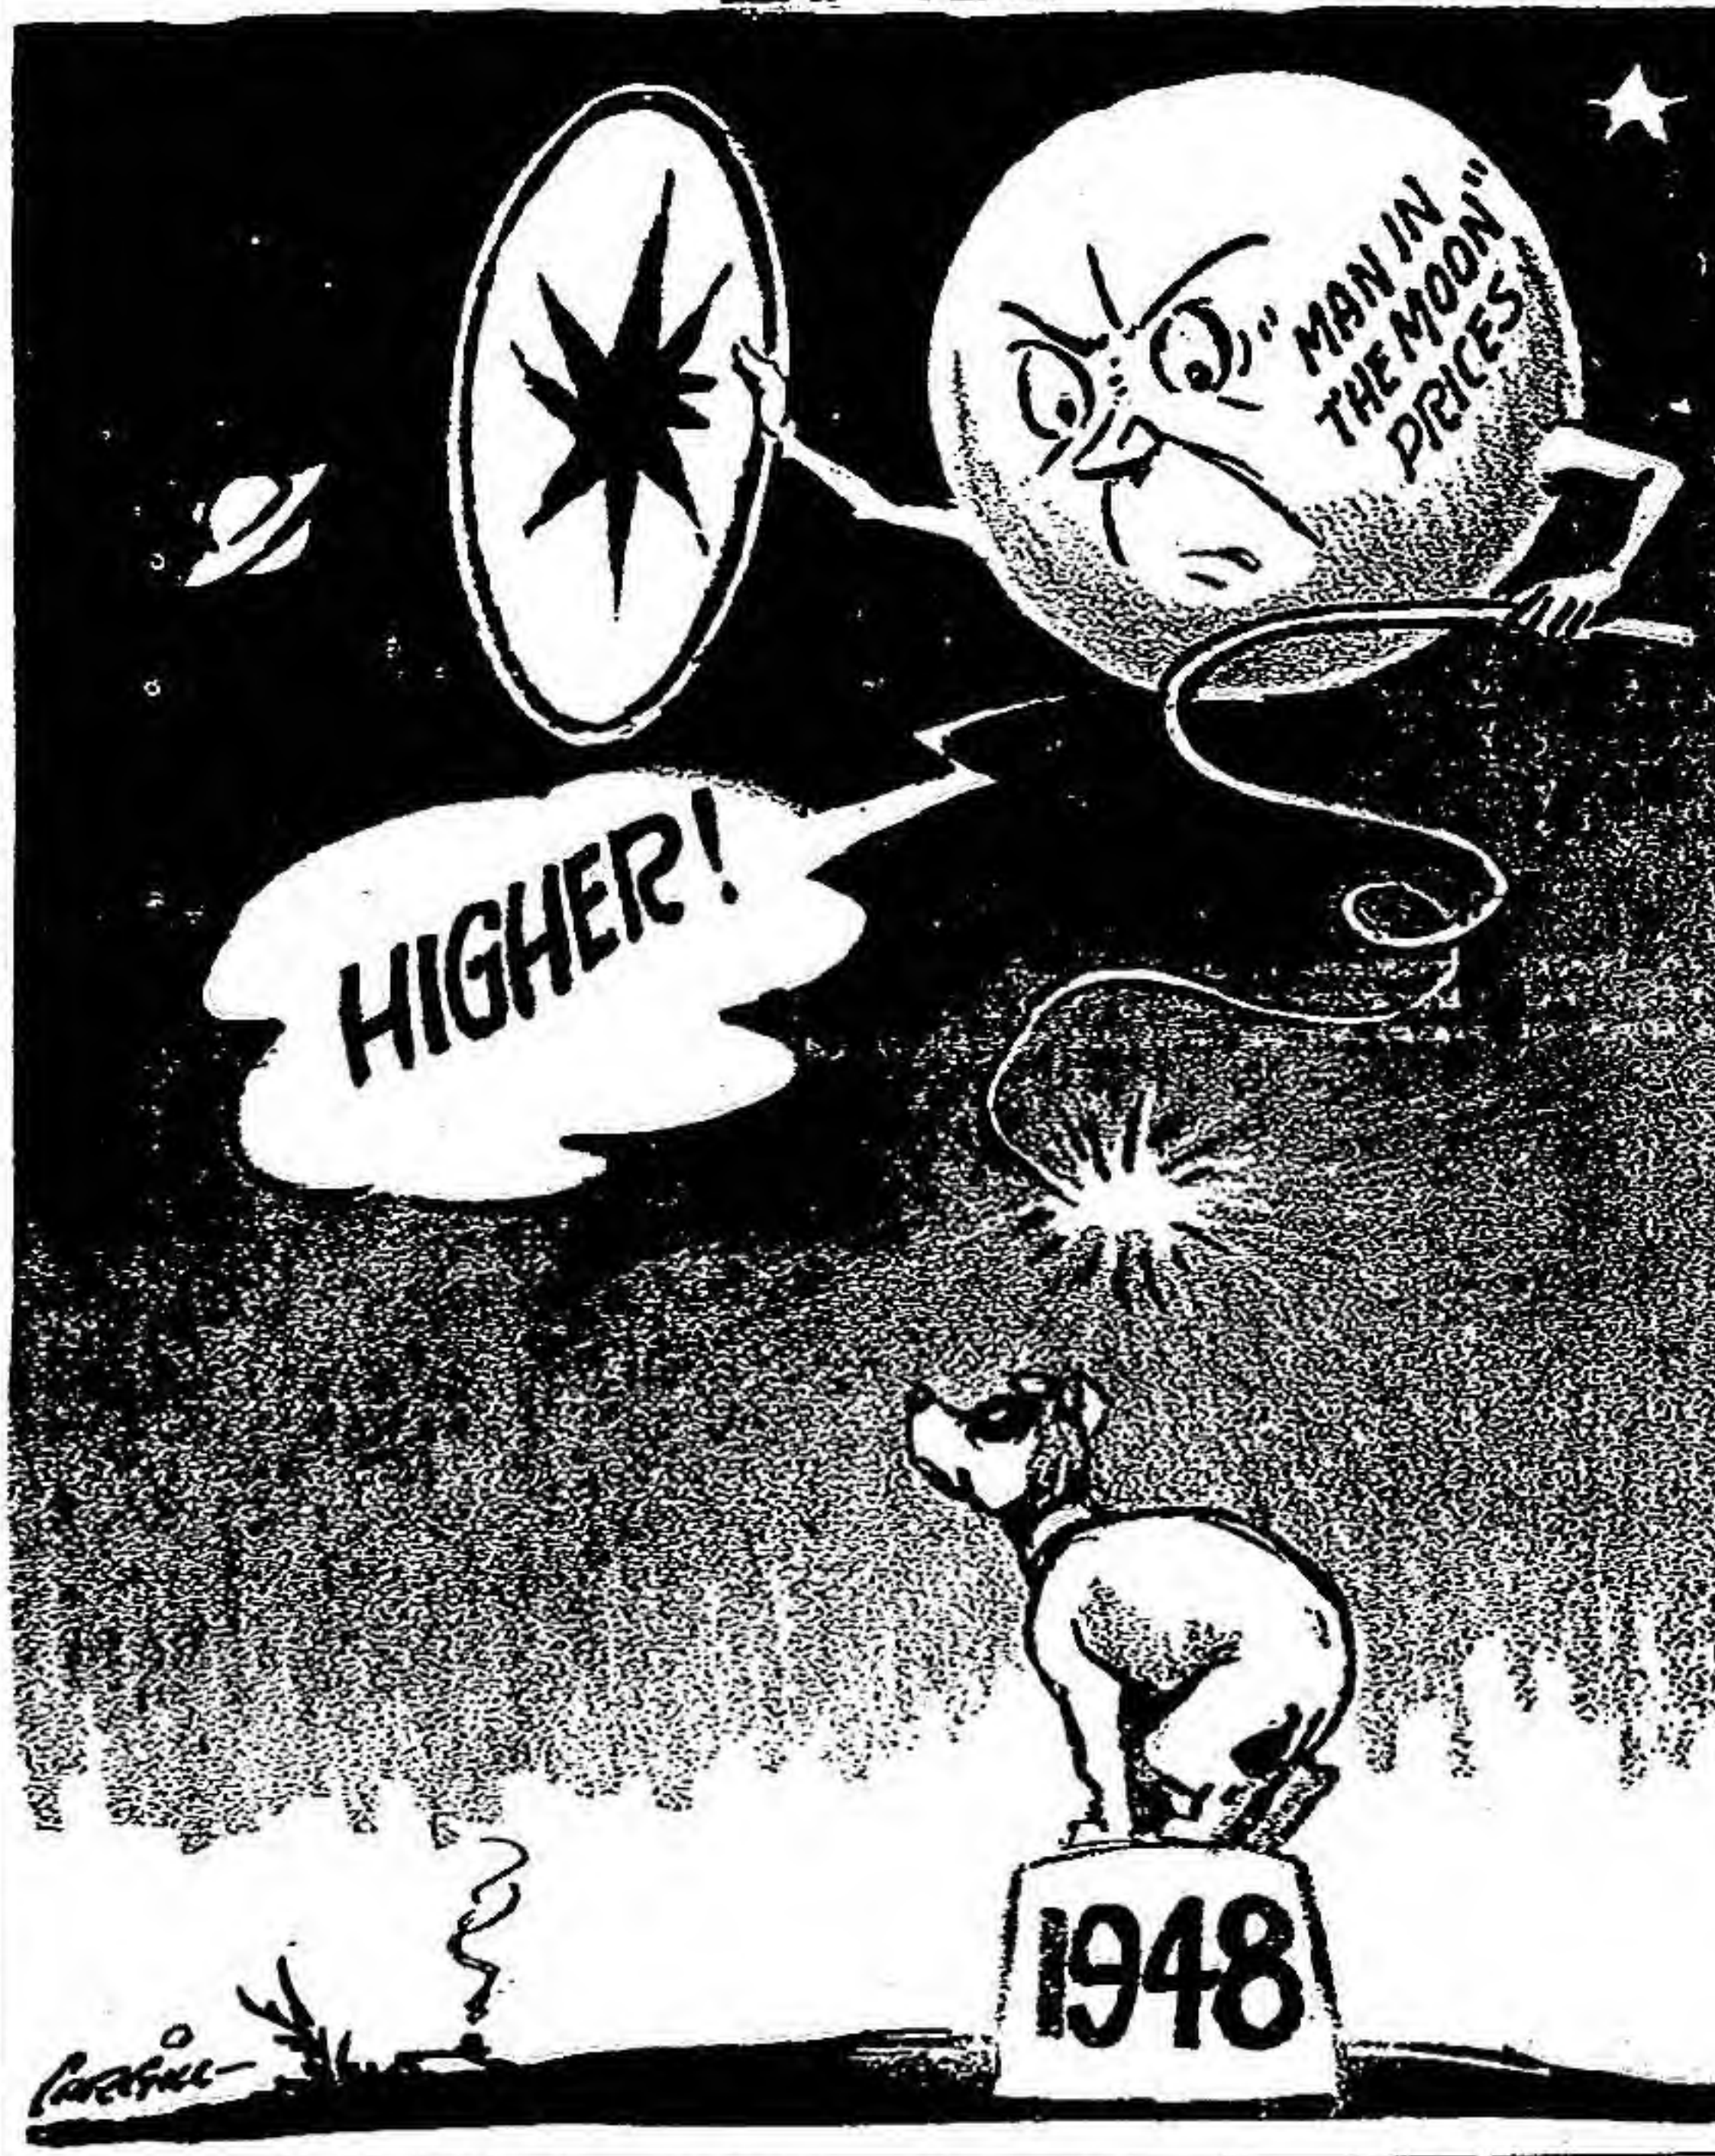

Total 1947 immigration is estimated at 60,000. The department of mines and resources predicts an immigration of 90,000 this year. Nothing must be allowed to interfere with this continuing flow of new Canadians. Canada can support them, but more important she needs them if she is to free herself to a degree at least from her too heavy dependence upon favorable world trade conditions to determine her own prosperity.

A Pat On The Back For The Two B's

Chairman Frank Bowser, Engineer Denne Bosworth and the merry men of the roads department of Newmarket deserve a congratulatory slap on the back for the job they have done cleaning up after the heavy snow falls of recent weeks. Newmarket, we wager, has "the cleanest, the soonest" streets of the district.

Messrs. Bowser and Bosworth have shown a nice appreciation of the merits of machinery and the assembly line. With plows, loaders and trucks, the snow has been cleaned off Main St. in a matter of hours and scraped to the curbs on the side streets. Granted that the plows may be a bit zealous—more than one householder has seen his newly-cleaned walk covered by snow pushed onto it by the plow—but in the main nothing but praise can be spoken of the job that has been done.

Cat Nips

BY GINGER

The Era and Express didn't have a "Cat Nips" column last week. The Era and Express almost didn't have a live columnist last week. I was sick. In fact, every indication was that I was, though I'd had it. Washed up. But Doc Lockhart pulled me through and for all I know, I may have used up three or four of my nine lives. What's important is that instead of having an obituary column, we have "Cat Nips" instead.

It all started with a sneeze. I was visiting my friend Kester one weekend when he spilt a bowl of ground onions on the kitchen table. I thought my sneezing was due to that but I guess it wasn't 'cause I kept on sneezing for about a week. One afternoon when I was visiting up on the hill at Second St., my legs buckled under me and I sank to the floor. They rushed me to Doc Lockhart's office in a limousine. He and his assistant, Herb Reuber, went into a consultation. Diagnosis: catarrhal fever.

They took my temperature and I was 107 degrees in the shade. I felt like someone left in a steam-bath overnight. I was wrapped in a heavy cloth and Herb poked a big needle that looked more like a bicycle pump, into my neck and squirted into me what seemed to be gallons of juice. This kind of treatment went on every two days for over a week until I finally pulled through. Oh, I forgot to mention that they painted my mouth with some horrible purple stuff. Friends who visited me said, "No, this can't be Ginger!" when they saw my purple grin and glassy stare.

I've been trying to get this in for two weeks now. Got a Christmas card from another cat with a personal note in it. My first fan letter really showed.

"A cat may look at a king," said Alice. "I've read that in some book but I don't remember where."—Lewis Carroll.

Gleanings From Weekly Press

Price control, international agreements, the austerity program came in for editorial comment by a great number of the Canadian weeklies.

The Peace River Record-Gazette, for instance, blames the recent restrictions on a group of middle-men taking advantage of the situation and profiteering, and claims efforts to free economy from wartime restrictions has received a set back.

The Renfrew, Ont., Mercury feels that the new crushing excise taxes imposed on consumer and capital goods will create grave difficulties for industry and even tend to force certain firms out of business; doubts whether they will attain the objective for which they were levied, and would increase the cost of living. "The alternative which the government has chosen to disregard was to release the Canadian dollar from the artificial per level at which it has stood since July, 1946."

"Surely that would have been a less painful way of bringing the Canadian and American trading accounts nearer balance."

The Prince George Citizen of B.C. in connection with the trade agreement opines Canada "may well benefit to a very large extent, particularly in primary production," adds British Columbia can look "a greater prosperity in lumber, fishing and metal production industries. "On the whole, it would seem that, with the restrictions on unnecessary luxuries, Canada will in the years to come continue to enjoy prosperity."

From Three Rivers, Que., the Valley Chronicle says in part: "The drastic restrictions on imports, coupled with a crippling excise tax on durable consumer goods have struck a great many Canadians as a piece of rampant nonsense. While they may seem to have some apparent justification in the adverse U.S. trade balance, the average citizen knows full well that the proper way to establish a balance is not by tramping heavily on one pan of the scales, but by allowing the appropriate mechanism to come into play to permit a just level."

The Estevan, Sask., Mercury sums up an article on the tariff agreements with this certainty, that Canada could not for much longer send her money to the United States and only get a bit of it back. This tariff agreement it argues, seems to be the best cure for that even if it does hurt in the initial stages of the process.

The King's County, N.B., Record at Sussex thinks price control a step backward, but "when one approaches a quagmire it often is wise to take a step backward and search for an alternative route." The Swift Current Sun touches the same subject with this: "For any temporary relief on something which we think the age old law of supply and demand will level off, we would sacrifice something very precious, our freedom from excessive government control and virtual dictatorship."

A bit of real homely philosophy from the Canadian Statesman at Bowmanville, Ont.: "The tragedy in the world today is not that so many men are so active in it but that so many good men are inactive and inadequate. There are too many who get burned up about everything wrong but do not burn to put anything right."

On Second Thought

By The Editor

From Tokyo comes a report on Emperor Hirohito's efforts to "humanize" himself. The emperor has learned to fan himself with a fan held between his toes while swimming. He can also swim in the rain holding a parasol over his head.

Mikados past turn in their graves. But his subjects scan the stormy waves.

As Hirohito swimming goes, Holding a fan between his toes.

It's not to seek the crowd's acclaim,

It's not a hanker for hero's fame That Hirohito swimming goes, Holding a fan between his toes.

He wants to join the common man,

To make himself human if he can So Hirohito swimming goes, Holding a fan between his toes.

And if, perchance, the rain should fall,

He can always put up his parasol.

A rose by any other name could be a cabbage, according to Toronto prices, but a cabbage as love's sweet token offers certain difficulties in its size. Imagine a Juliet tossing a cabbage from her balcony to her Romeo below. He would have to be a big league catcher and if he missed, it would likely raise quite a bump on his noggin. On the other hand, his Juliet could always eat the cabbage if she became hungry while waiting for him.

It is comforting to know, amidst all this snow, George Simmerman picked a pansy in blossom on Christmas Day in his garden. The pansy had grown in a bare patch of ground where the snow had melted away. An enthusiastic gardener, Mr. Simmerman has a carefully tended patch behind his house on Prospect St.

In Toronto a few days before New Year's, we were trying to drive from a side street onto Yonge St. just below St. Clair. There was a steady stream of north bound traffic and no sign of a break to let us onto Yonge. Behind us, the cars began to pile and then horns began to sound in that irritating fashion peculiar to Toronto. We'd still be there but for a north-bound truck which courteously stopped and let us through. Sure, it was a Newmarket truck with Hugh Dougan at the wheel.

A news item in last week's Era and Express records that a by-law of 1891 which makes shovelling walks mandatory on pain of a \$50 fine has been resurrected and will be strictly enforced.

Newmarket city fathers in days of long ago. Saw from council chambers

A wide expanse of snow. "Here," cried one, "This won't do. Our sidewalks must be clear. Or the ill-repute of Newmarket will travel far and near."

Straightway in solemn council, An edict stern was writ, To make the people clear their walks.

Or in jail they'd sit. Four hours was the limit set. The penalty was tough. History don't record the fact But it wasn't tough enough.

For the by-law was forgotten. And the snow lay thick as yore. And the sidewalks in Newmarket Were hidden as before.

Until Mayor Vale remembered That law passed long ago, Dug it from the archives.

And declared a war on snow. Now the walks in Newmarket Are clear as clear can be, And local chests are puffed with pride.

Such industry to see. Oh jibe not at the councils past; They wrought finer than we know.

A by-law passed in '91 Now clears away the snow.

WILLOW BEACH

Now that fishing has started, a number of people motor up on Sundays to fish or take some home with them.

Miss Jean Minro was a weekend guest of Mary Jean Sinclair.

Miss Phyllis Sedore was home for the weekend and two friends from Toronto, Miss Alice Shortt and Miss Jean Gravelle.

Miss Taylor, Woodstock, and Miss Tighe, Toronto, formerly on the high school staff, were guests of Mrs. W. L. Kidd over Sunday.

Mr. H. G. Brown, photographer, got a picture post card last week from Kelso, Washington, where the bridge collapsed with the jam of people and autos congregated on it. He was surprised to see his own son in the photo of the wreck. He had motored over from New York and had been caught in the jam. Fortunately he escaped injury but the indications are that his auto shared the fate of the others on the bridge.

There was nearly two feet of snow on the ground last Sunday on the level.

On the Newmarket market, this week butter sold for 40 cents a pound, eggs for 50 cents a dozen.

The York and Ontario Counties Bakers' Association met last week and fixed the price of bread at 16 cents a large loaf. This includes delivery to regular customers and should be satisfactory to the general public, especially when bread is selling in other parts of the province at 18 cents.

Wood is coming in pretty freely now. The good sleighing is helping in that direction.

The annual meeting of the fire brigade for the election of officers will be held at the fire hall tonight instead of last night as proposed.

The most critical operation that has yet been performed in York County hospital was undertaken last Sunday and the patient is doing nicely. A piece of diseased bone was extracted from the skull.

The Newmarket Dairy Association held an election of officer with the following results: pres. C. E. Lundy; vice pres. C. J. Dennis; sec-treas. M. F. St. John, C. H. Hainer, C. F. Doan; B. F. Irwin, Auditor is Graham Weddell.

Opinions Of Other Editors

GOODBYE, MR. PETRILLO
(The Printed Word)

The ukase of Mr. J. C. Petrillo, czar of the musicians' union, whereby he forbids his supporters to make any recordings of music after the first of the New Year, is based on the assertion that the phonograph record is killing the musician's profession. Like other labor leaders, Mr. Petrillo doubtless feels privileged to issue statements that will make good headlines, without regard to their probability.

If Mr. Petrillo, however, has come to a firm decision, that cannot be altered by an offer of an increased royalty or other concessions for which the ultimate consumer of recorded music will pay the cost, his action raises an interesting point about the solidarity of union labor. The business of making records and record-playing devices involves many other workmen than musicians, such as machinists, electricians and cabinet-makers. Many of these would be deprived of their jobs if Mr. Petrillo's order holds, and it may be safely assumed that most of them are members of a union.

On Mr. Petrillo's own reasoning, then, members of these other unions would be entirely justified in refusing to have anything to do with the records made by Mr. Petrillo's musicians, because Mr. Petrillo constitutes a threat to their own jobs.

It is rumored that the threat has already been countered by the recording companies, who are said to have built up stocks of unreleased records sufficiently large to supply the expected demand for the next two years. By the end of that period, if Mr. Petrillo has not changed his mind, it is probable that new records will be made in profusion by musicians, either on this continent or abroad, who pay no tribute to Mr. Petrillo. That is a result much more likely than that the machinists, carpenters and electricians would co-operate in the destruction of their own jobs.

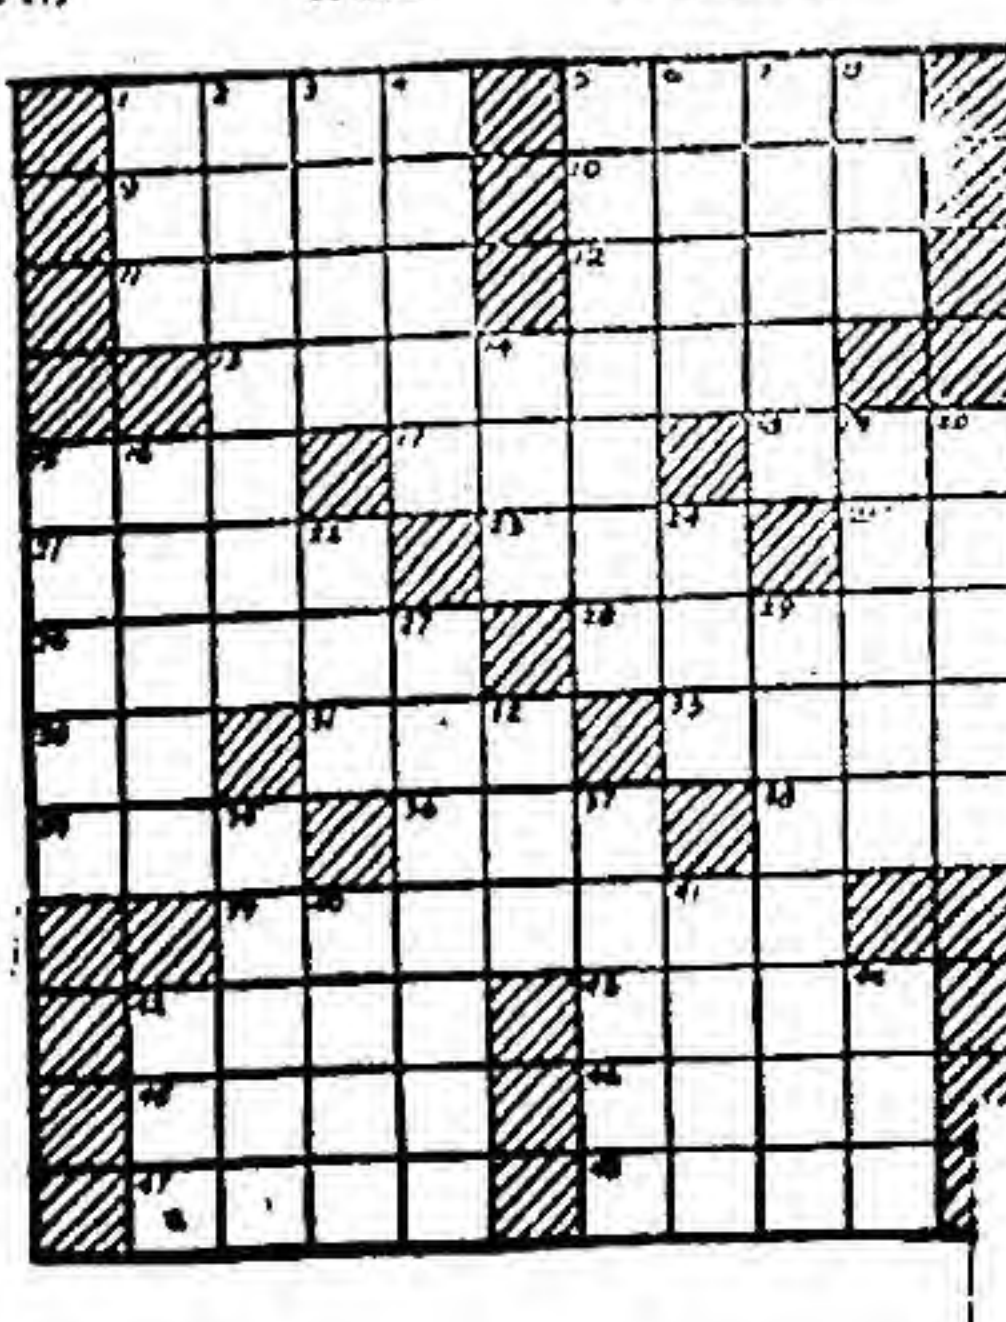

What should not be forgotten is that if it had not been for the development of the phonograph and radio, there would not have been the phenomenal growth in demand for music, good and bad, that has marked the past two decades. Without this demand, there would not have been enough musicians to make their grievances front-page news. They could never have formed a union wealthy enough to afford the luxury of a Mr. Petrillo. They now may discover that he is too expensive a luxury for their means.

Seek P.O. Building For Keswick

The first 1948 meeting of North Gwillimbury council was held at Belhaven on Monday, Jan. 5. Two new members, James Clark and Cecil Prosser, took their places at the table. Rev. M. R. Brown opened the proceedings with Scripture reading and prayer. The regular business of the council was preceded by a meeting of the community hall board. It was welcome news to the board that the furnace which has been on order so long is expected to arrive any day.

One of the first matters discussed by the council was complaints of dogs running at large making a nuisance of themselves. Notice was given of a by-law to be introduced at the next meeting to provide controls and compel owners to look after their dogs. Clark Martin interviewed the council regarding their attitude toward having bingo games conducted in the township to provide funds for sports. The council did not object providing the law was observed.

Some interest was shown in a proposal by the reeve that efforts be made to have a new post office building erected in Keswick and quarters provided in the same building for municipal offices. A committee of three council members was set up to see what could be done.

George Lamont spoke to the council about road work and drainage required at Frankl. and Del beaches. He also suggested that arrangements be made to provide another polling place for the convenience of voters in the area along the lake-shore from Willow Beach east to Jackson's Point. A new typewriter for the clerk's office was purchased from T. Whillier and Co. Wallace Donnell submitted his price for maintenance of Keswick street lights. On this item the clerk was asked to call for tenders.

Reeve Glover submitted some interesting figures he had obtained regarding the cost of making improved and full-width roads of the fourth and sixth concessions from the base line to the lake-shore. Mr. Clark gave his views at some length on management of township road matters and clashed several times with the road superintendent. He made several motions advocating changes in the conduct of affairs but these were not supported by the rest of the council. An increase in pay of 15 cents per hour was granted to the three permanent road employees and the clerk treasurer's salary was raised \$400. A by-law was passed for borrowing money as required from the Bank of Commerce.

Accounts approved for payment were: Carl Morton, \$78; J. H. Harper, \$7; A. Rye, \$47.50; T. Whillier and Co., \$212.50; County of York, \$181.03; Fred Peel, \$181.11; road voucher No. 1, \$945.85; cash relief, \$294.44.

MITES DECEMBER 27
The marriage of Elsie Beatrice,
daughter of Mr. and Mrs. S. S.
Madill, Newmarket, to Kenneth
Eugene Ross, son of Mr. and
Mrs. Charles Ross, Windsor, took
place quietly at the residence of
Rev. R. R. McMath on December
27 at 4 p.m.

The double-ring ceremony was
performed by Mr. McMath. The
bride wore a pale blue street-
length dress with dove gray ac-
cessories and a corsage of Amer-
ican Beauty roses. Mrs. Bert
Bell, sister of the bride, was the
matron-of-honor and wore a
beige street-length dress with
deep blue accessories. Mr. For-
rest Hyatt, Windsor, was the best
man.

Following the wedding, a re-
ception was held at the home of
the bride. After their honey-
moon the young couple will live
at Tecumseh.

HONORED AT SHOWER

ray Varney and Mrs. Ross
Thompson, entertained at the
home of Mr. and Mrs. Marvin
Rutledge last Friday evening in
honor of Etelle Rutledge, a bride
of Saturday, Dec. 27. She re-
ceived many lovely and useful

ST. PAUL'S CHURCH
Newmarket - Epiphany was

iliary held their annual meeting
in the parish hall last Thursday.
At each meeting the annual re-
ports of the different officers
were presented.

zed and they will meet every
Monday evening from 7 to 8 in
the parish hall. The Girl Guides
and Brownies meet every Wed-

hamper. Over 40 of her friends
surprised her December 17 with
a kitchen shower. She also re-
ceived a lovely glass table lamp

NEWMARKET HIGH-LIGHTS
By ELAINE ROBINSON

After my extra long Christmas
holiday I must get back to the
work of writing this column for
you.
School is again in full swing
and we are working our way to-
wards June now. This seems to
be the most important term, so
extra work is in store for all of
us.

The school inspector, Mr. Jen-
nings, is making his annual visit.
Mr. Jennings goes from room to
room, listening to the pupils in
the way they answer questions,
stand and speak out.
But enough about school work.
The junior girls are practising
basketball every day so that Miss
McGee can choose the girls for
the teams according to the im-
provement they show. The senior
girls are working hard to get
their team into perfect condition
for the first game of the season.
During P.T. period the girls
are divided into teams for some
strenuous sessions.
That's all for this week.

Homemakers' Exchange

Apples — the queen of Canadian fruits — are thrifty enough to be used in "every-day" meals. They also take their place on the most elaborate menus and are delicious raw in salads. Apple sauce and apple pie are old favorites of most families, but here are several other recipes which may be new to our readers.

APPLE DUMPLINGS WITH SAUCE

2 Cups sugar 2 Cups water
1-4 Tsp. cinnamon
1-4 Tsp. nutmeg
1-4 Cup butter 6 Apples
2 Cups flour 1 Tsp. salt
2 Tsp. baking powder
3-4 Cup shortening
1/2 Cup milk

To make sauce: Combine sugar, water, cinnamon and nutmeg. Cook five minutes. Add butter. Pare and core apples. Then sift flour, salt and baking powder; cut in shortening. Add milk all at once. Stir just until flour is moistened. Roll 1-4 inch thick. Cut six 5-inch squares. Place one apple on each square, sprinkle generously with additional sugar and spices, dot with butter, fold corners and pinch edges. Place one-inch apart in greased baking pan. Pour over sauce. Bake in moderately hot oven (375 degrees) 35 minutes. Serve hot with cream. Makes six.

APPLE AND RICE PUDDING

8 Apples 4 Tbsp. butter
4 Tbsp. sugar 1/2 Cup rice
8 Tbsp. marmalade
1-4 Tsp. salt

Cut apples in small pieces and simmer in saucepan with fat and sugar, and enough water to cover. Wash rice and cook in boiling salted water until soft. Drain. Line the bottom and sides of mold with rice. Fill centre with apples and spread marmalade over them. Cover the mold with rice and bake in a slow oven (300 - 350 degrees) for 15 minutes. Let stand until cold, then unmold or turn on a platter. Serve with any desired sauce.

Guest cook of the week is Mrs. J. C. R. Edwards who has sent in this recipe.

DIVINITY CAKE

1 1/2 Cups white sugar
1/2 Cup butter 3 Cups flour
3 Tsp. baking powder
1 Cup cold water
1-4 Tsp. salt 1 Tsp. vanilla
1-4 Cup cherries
1-4 Cup crushed pineapple
3 Egg whites beaten stiff

350 degrees (moderate oven) for 40 minutes.
Send your recipes to The Homemakers' Exchange, c/o Newmarket Era and Express. Next week — recipes for serving ground meat.

In Memoriam

Brillinger—In loving memory of our dear father and husband, Orvil Brillinger, who passed away one year ago, January 10, 1947. One year has passed, dear dad, Since you were called away. How well we remember That sad and weary day. He bade no one a last farewell. He said goodbye to none. The heavenly gates were open wide; A loving voice said "Come". But some sweet day we'll meet again. Beyond the toll and strife, And clasp each other's hand once more. In heaven, that happy life. No pen can write, no tongue can tell. My sad and bitter loss, But God alone has helped so well To bear my heavy cross. My lips cannot tell how I miss you. My heart cannot tell what you say. God alone knows how I miss you. In a home that is lonesome today. Sadly missed by his wife and family.

Harmon—In loving memory of our dear parents, Bessie Harmon, who passed away January 12, 1942, and our father, Benjamin Harmon, who passed away March 14, 1938. Gone, dear parents, gone to rest. Away from sorrow, care and pain. May you rest in peace, dear parents. Until we meet again. Lovingly remembered by their children.

Huston—In loving memory of our dear mother, Emily Huston, who passed away January 11, 1944. Oft and oft our thoughts do wander To the grave not far away Where we laid our dear mother Just four years ago today. Ever remembered by daughters, sons and grandchildren.

Jones—In loving memory of a dear husband and father, Johnny Jones, who passed away January 14, 1944. In our hearts your memory lingers. Always tender, fond and true. There is not a day, dear Johnny, We do not think of you. Lovingly remembered by his wife and son, Donald.

Jones—In loving memory of a dear son and brother, Johnny Jones, who passed away January 14, 1944. So quietly you used to come. The memory we hold dear, But busy with our homely tasks, We did not think you near. Until you reached our open door With cheerful smiling face. A face which had never frown. The smallest looking place. But now we know you'll come no more. Though oft we wish you near, Your kindly acts and unselfish ways. The memory we hold dear. But maybe when we've crossed the tide. On some bright morning fair, With quiet step and gentle voice

We'll find you smiling there. Lovingly remembered by your mother and father, sisters and brothers of Owen Sound, Ont.

Jones—In loving memory of a dear brother and uncle, Johnny Jones, who passed away January 14, 1944. Always a smile instead of a frown. Always a hand when one was down. Always so true, thoughtful and kind. What a beautiful memory he left behind.

Lepard—In loving memory of a dear husband and father, George A. Lepard, who passed away January 1943. As you loved you, sadly miss you. As it dawns another year. In our lonely hours of thinking. Thoughts of you are ever near. Ever remembered by wife and family.

McGhee—In loving memory of a dear husband and father, Allan McGhee, who passed away January 19, 1946. Beside your grave we often stand With heart both crushed and sore. But in the gloom the sweet words "Not lost, but gone before." God knows how much we miss you.

McGhee—In loving memory of a dear wife and mother, Mrs. Ruby McGhee, who passed away January 19, 1946. Her loved one is not dead. So we'll be brave, dear father. And pray to God each day. And when He calls us home to you, Your smile will guide the way. Sadly missed by wife and family.

Morning—In loving memory of a dear wife and mother, Mrs. Ruby Morning, who passed away January 19, 1946. Two dear, bright eyes, a tender smile. A loving heart who knew no guile. Deep trust in God that all was right. Her joy to make some other bright. If sick or suffering one she knew. Some gentle act of love she'd do. No thought of self, but of the other.

Deep trust in God that all was right. Her joy to make some other bright. If sick or suffering one she knew. Some gentle act of love she'd do. No thought of self, but of the other.

Prosser—In loving memory of our dear mother and grandmother who passed away January 13, 1947. We do not forget her, we love her too dearly. For her memory to fade from our lips like a dream; Our lips need not speak when our hearts mourn sincerely. For grief often dwells where it seldom is seen. Ever remembered by Winston, Vera and June.

Sedore—In loving memory of a dear father, John H. Sedore, who passed away January 9, 1944, and a dear mother who followed on January 7, 1946. No one knows how much we miss you. No one knows the bitter pain We have suffered. Since we lost you. Life has not been the same. In our hearts your memory lingers. Sweetly tender, fond and true. There is not a day, dear parents, That we do not think of you. Sadly missed by Cecil, Bernice and family.

Woodcock—In loving memory of Howard Woodcock, who was killed in action in Italy, January 17, 1944. Loving and kind in all his ways. Upright and just to the end of his days. Sincere and kind in heart and mind. What a beautiful memory he left behind. Ever remembered by the family.

On The Ski Trails

By BOB SPAR
After two weeks of good skiing conditions, the membership of Newmarket Ski Club has risen close to the 100 mark. On Sunday it was a bright, clear day and the scenery as well as the skiing was beautiful. Many members of Varsity Ski Club used Newmarket trails and were attracted to Newmarket club house by the signs advertising Cokes, hot dogs and hot coffee. One of the ski club members from Toronto was the first of the year to feed the fire in the club house with a pair of smashed skis. A tree hit him. The trip to Collingwood is still on this Sunday. The train leaves at 9:30 Sunday morning and arrives back at 7:30 Sunday evening. Would those who are interested please buy their tickets early at Best Drug Store in order that Mr. Best may know how many skiers are going. The return fare to Collingwood is \$2.55. There will be a ski truck to Glenville Sunday for those who are not going to Collingwood.

BASKETBALL TONIGHT
Newmarket—Grads play Pickering Masters tonight at 8 p.m. in Newmarket high school in a basketball fixture.

ON THE ALLEYS

Bowling is one recreation that allows you to keep warm on these nights with the temperatures down. Last week the men's league of the town piled up some high scores. H. Craddock took the top honors with 208, 304, 322 for 834. W. Dunn seconded with 220, 252, 299 for 771. G. Watts, 203, 258, 260 for 721. A. Smith, 198, 247, 221 for 666. A. Deaves, 198, 217, 268 for 683. M. Rudock, 257, 146, 257 for 660. G. Close, 242, 250, 159 for 651.

In the Davis Leather Men's league Barney Revill's club is still on top and someone voiced an opinion that by the way his new man, Art Flannagan, is bowling, they are likely to stay there. Ken Tansley was the high tripler this week with 660. Two second best were Leo Forhan and Art Flannagan, both with 636.

After the games of Friday, Jan. 9, the Hoffman league teams are standing thusly: Machine Shop, 24, Vorclone, 23, Press Shop, 16, and the Sheet metal bunch with 9 points. The recent high tripler in the Hoffman gang was R. Smalley with 767. C. Whitworth bowled 603 and J. Boag 588. R. Jones took a high single score on 305.

The Monday night team gals were led by Marion Stark with 214, 166, 307 for high total of 687. Edna McGrath ran up 145, 215, 242 for 602 and Hester Clark took 210, 206, 184 for an even 600. Maud Rupke took a good single of 211 and Edith Wright 209.

We haven't heard from some of the other clubs who may not have recovered from New Year's Eve yet. Hope they can get around to reporting their behavior on the alleys next week.

HAS OPERATION
Aurora—Mrs. G. R. Ardill underwent an operation in a Toronto hospital on Monday. She is progressing favorably.

Aurora Beats Square 6-4 At Stouffville

By AB. HULSE
"Beat me, daddy, eight to the bar." If coach Bill Capell and his Aurora Flyers didn't chalk up their fifth straight league win by defeating Victoria Square (Stouffville) 6-4 before over 1,000 cheering fans on Monday night at Stouffville arena. Aurora had the edge throughout and left little doubt in the minds of the spectators as to their superiority on the night. Both Smith and Stunden played sensational hockey in the nets, three of the Square goals coming with Aurora short handed.

Bill Patrick, who turned in his best game of the season, opened the scoring in the first period. Taking Simmons' pass as lines were changed, he waltzed in on Stunden and made the blonde netminder move before firing the rubber between his legs. Five minutes later Keith Jewitt evened the score as he took Mac Clement's pass on a gangling attack to beat Smith. Tommy Brodie put the Flyers in front at the 16 mark. Doolittle getting an assist.

The homesters put on their best effort in the second period and penalties, including one for too many men on the ice at once, didn't aid Aurora. It was Jewitt again who made it even—Stephen and Bill Boychoff got that one back as he batted home Brodie's pass on a breakaway. McMillan and Burkholder, two freshmen with the like Harper squad, proved their worth and made the rafter ring as they established a 4-3 lead for the Square on nice efforts.

Tommy Brodie became the toast of Yonge St. (and incidentally earned a two buck bonus) as he sifted an angle shot past Stunden shortly after the final frame started. It was a toughie for Stunden to lose. Boychoff broke up the game as he out-distanced both teams in a race for the net and fooled Stunden with a bullet drive from close in. Ron Simmons, clever Aurora pivot player, climaxed a sweet bit of work all night by stick handling his way through for the goal that put the contest on ice.

The entire Aurora team turned in a good performance, though some extra defence strength seems needed. Brodie and Boychoff with two counters each naturally come in for special merit marks along with Eric Smith, but don't get the idea that they out-shone the rest of the pack. They just happened to be Johnny-on-the-spot at the spot at the right time as they'll tell you. Keith Jewitt, Don Campbell, Doug Ross and Polly Minton were the pick of the losers.

Aurora: goal, Smith; def., Doolittle and Andrews; c. Minton; wings, Boychoff and Brodie; alternates, Nigh, Hopper, Patrick, Brinkos, Attridge, Wilkinson, McGhee.

Square: goal, Stunden; def., Campbell, Clement; c. Minton; wings, Jewitt, Sellers; alternates, Taylor, Ross, McMillan, Burkholder, Lewis, Mabett.

TWO FALSE ALARMS

Aurora—The fire brigade answered two false alarms over the weekend. A citizen saw the reflection of a bonfire in house windows and rang in the alarm in good faith. A youth thought lessy rang in the second alarm, and was later reprimanded for his effort.
